

Who we are

Naxtech is a UK based internet services company which **helps businesses grow and attract new customers via the use of technology and internet marketing.**

We focus on being honest, practical, and straight to the point. The result comes first; not the technology, not the budget and not custom or practice.

We work mainly in the tourism, travel, hospitality, and local government sectors, but our services and experience extend to other sectors such as pharmaceuticals, recruitment, real estate, entertainment, retail and small businesses.

What we do

- **Web Design and Development**
- **Organic Search Engine Optimisation**
- **Multilingual SEO**
- **Online and Email Marketing**
- **Content Management**
- **Custom-made reservation systems**
- **Online Payments & System Integration**
- **GDS Representation**

Clients and Projects:

5 reasons to choose Naxtech

1. Aims to be honest, **practical, and straight to the point**. The result comes **first**; not the technology, not the budget and not custom or practice.
2. **Proven expertise** in providing business-focused internet solutions.
3. **100% commitment to results** and the customer.
4. **Microsoft and IBM partner**, with access to their technical support, products and services.
5. Focuses on **meaningful and long-term results**, and looks at the **whole spectrum of your business** and not just search engines or programming.
